LCS RECORD RETRIEVAL

Verisk™

“Verisk Casualty Solutions offer a comprehensive suite of Medicare and Workers’ Compensation

solution sets that are designed to optimize compliance, minimize risk, and drive efficiency—all while maximizing efficiency and results.

Our AI-powered Discovery Navigator automates medical record reviews, while our MSP solution sets offer a data-driven and integrated approach to settling a full claim cycle.

Verisk’s predictive analytics tools — wcPrism®, wcNavigator®, wcCapture™, and wcAnalyzer™—streamline workers' compensation claim management by enhancing insurers visibility into claims data.”

Investigative
company
focused on
minimizing

potential and on-going risks for our clients. DigiStream has dedicated painstaking time and resources to the perfection of the trade through technology, equipment and investigator training. Our integrated approach and proprietary techniques combine field surveillance and social media investigations to ensure the highest return on your investment. Our results are surpassed only by our custom experience, which includes our Next Day Video™ updates.

Ermi LLC is dedicated to assisting patients with joint contractures, restore motion without surgery. It's high-intensity stretch devices are used in the patient's home and

in rehabilitation settings to treat joint stiffness following injury or surgery. Backed by peer-reviewed research and real-world results, the Ermi program is clinically proven to improve range of motion and reduce the need for further procedures in 90% of patients. Ermi's solutions support better outcomes for patients, providers, and payers as well as returning the injured worker to the work-place safely and effectively.
